SUMMARY

I am a Frontend Developer with 3+ years of experience in developing and maintaining web applications. Proven ability to work independently and as part of a team to deliver high-quality products. Strong skills in React, JavaScript, Tailwind, Next.js, CSS, HTML, and Redux Toolkit.

WORK EXPERIENCE

FRONTEND DEVELOPER

TrySpacely

2021 - Present

- Developed and maintained web applications using React, JavaScript, Sass and Tailwind.
- Collaborated with designers and backend developers to implement UI/UX designs.
- Implemented responsive layouts and optimized performance for improved user experience.
- Integrated Redux Toolkit for state management and enhanced application scalability.
- Participated in code reviews and provided constructive feedback to team members.

FRONTEND DEVELOPER INTERN

Ojuolape Farm Nig Limited

JAN 2021 - FEB 2021

- Assisted in front-end development tasks using React & JavaScript
- Contributed to the redesign of the company website, improving the visual appeal of the dashboard.
- Worked closely with the development team to implement new features and functionality to the dashboard.

WORK EXPERIENCE

FRONTEND DEVELOPER INTERN

Side Hustle Internship

APR 2020 - SEP 2020

- Worked closely with senior developers to learn best practices in front-end development.
- Contributed to bug-fixing and testing efforts to ensure application stability.
- Gained experience in version control systems (Git) and collaborative coding workflows.

PROJECTS

- Personal Portfolio Website: Developed a responsive portfolio website showcasing my projects and skills. Built using React, Next.js, and Tailwind CSS.
- Freelance Projects: Developed custom landing pages and WordPress sites for various clients.
- Implemented responsive designs, optimized performance, and ensured cross-browser compatibility.
